

Unirack Frame

19", 40RU, Floor-Mounted

Description

DME PROLINK's Unirack skeletal frame offers a universal mounting option for Passive infrastructure on standard 19" tracks.

The base of the *DME PROLINK* Unirack frame is 600mm wide and 300mm deep which means that you can install two of these frames in a back-to-back configuration on a single floor tile.

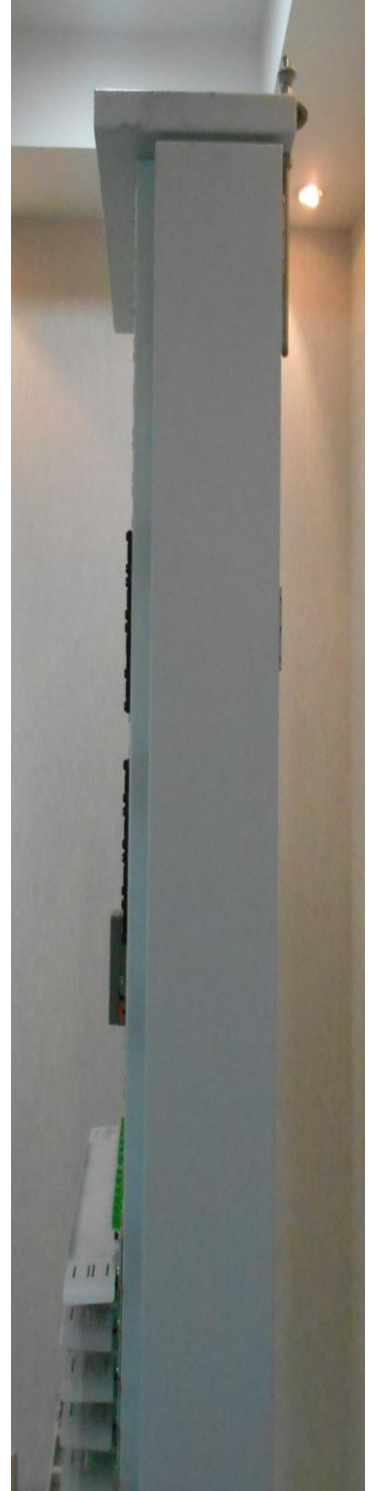

Cable Management is provided by means of covered reticulation channels on the left and right side of the frame facilitating both left and right cable-entry to your patch-panels

Features & Benefits

- ✓ Dimensions – 600mm x 300mm x 2200mm
- ✓ 40RU capacity offering 1920 terminations if 1RU 48 Port Patch Panels are used.
- ✓ Cable management provided on left and right of the frame
- ✓ Color – NSC2502-B
- ✓ 4RU Labeling Panel at the top of the frame
